BLACK HILLS SURGICAL HOSPITAL NAMED
AS ONE OF THE BEST PLACES TO WORK

May 18, 2011 - Black Hills Surgical Hospital is pleased to announce that it has been named to the 2011 *Becker's Hospital Review/Becker's ASC Review* list of the Best Places to Work in Healthcare. The 100 workplaces named to this list represent a wide spectrum of facilities, from leading health systems to small community hospitals to ambulatory surgery centers and physician practices.

“We put tremendous thought into the building blocks that make up a great workplace including robust benefits, opportunities for self-improvement, employee appreciation and strong ties between staff members, to name a few,” states Bill May, BSHH CEO. “We set and meet high standards for employee satisfaction as we recognize quality patient care begins with an engaged workforce.”

This list, which excludes advertisers, was created through a three-month nomination process, extensive research and feedback from healthcare industry leaders on the final selection of candidates. The editors ultimately determined to focus the list on hospitals, health systems, surgery centers, and large physician practices. For a complete list visit www.beckershospitalreview.com.

About Black Hills Surgical Hospital

Black Hills Surgical Hospital, LLC is South Dakota's premier surgical hospital offering in-house hospitalists, 3:1 nurse to patient ratio, low infection and complication rates, private suites, luxury accommodations, first class hospitality, and state-of-the-art imaging services and technology including 3T MRI and 64-Slice CT scanners. BSHH employs over 250 employees and performs numerous surgeries including orthopedic surgery, neurosurgery, general surgery, weight-loss surgery, gynecology, podiatry, urology, dermatology, ophthalmology, plastic and reconstructive surgery, dental/oral surgery, and single incision laparoscopy surgery.
